

**My sons and daughters, students of the Faculty of Education
- Mansoura University**

I am pleased to welcome and wish you all success. I would like to assure you of the keenness and interest of the education and student affairs sector and departments at the Faculty of Education, Mansoura University, to provide everything that could achieve excellence and distinction for the graduates of this prestigious college.

The Education and Student Affairs Sector is considered as the backbone of the college, as it is responsible for managing the educational process, and for serving and caring for students from enrolling in the college until their graduation.

Therefore, supporting and caring for students, providing the appropriate educational environment, giving advice and guidance, expanding the circle of student activity, communicating with them, overcoming all difficulties facing students, and providing social solidarity for students who are unable, is a genuine responsibility of the education and student affairs sector.

This responsibility is achieved through the college's departments, which are included in the Education and Student Affairs Sector, such as Student Affairs Department, Youth Welfare Department, and Graduates Affairs Department. It also enables students in various cultural, sports, sports, touring, events, climate, and competitions, so that students can express

their diverse talents not only for academic study, but also to develop talents and express effective patent.

So, I invite all of you, my sons and daughters, to adhere to and ensure regular attendance at lectures and do everything to acquire knowledge. I also invite you to take an active interest in participating in student activities, demonstrating the spirit of cooperation and competition, and enjoying university life.

Moreover, I invite you to communicate with your professors and ask them about scientific, cultural and social issues that are difficult for you and at the same time respect and appreciate them.

With my sincere best wishes for your success,,,
